Price List

TERMS OF SALE

Tuberous Begonias are priced at 25c each ; \$2.75 per dozen ; \$18.00 per 100 (plus sales tax).

SHIPMENT and PACKING

Shipments will start June 1st and continue in rotation as fast as plants can be packed. No mail or express shipments will be made on Friday or Saturday.

Plants are carefully packed as follows: The three-inch clay pots are removed and the ball of soil carefully transferred to a three-inch paper pot. Then each plant is wrapped individually and packed upright in a well ventilated crate. No charge is made for this crating. Shipments by express collect generally travel better than if express is prepaid.

(Please turn the page)

Within a 25 mile radius of Chagrin Falls, delivery will be made without charge.

NEW VARIETIES

Seed for our Begonias is selected from the finest Belgian, English and German developments.

We expect to release a new type soon. Perhaps as early as June, 1936, but probably not until June, 1937.

We are able to secure new varieties from the Belgian seed grower usually from one to two years before he will release them in his own country.

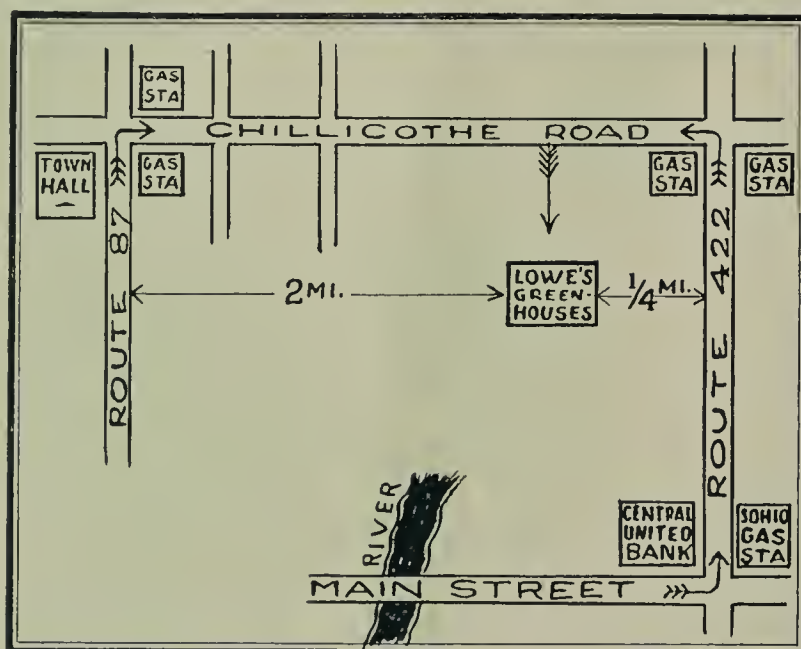

TRUENESS to NAME and COLOR

No warrant can be made as to trueness of color and type, but all possible precautions are taken to insure trueness. Seedling plants come 95% true. Claims, if any, must be made immediately upon receipt of goods. In no case will we be responsible for more than the purchase price of the stock.

VISITORS WELCOME

Visitors are always welcome, especially in September and October, when the tuberous begonias and miniature and pompon dahlias are at their best.
